VALAISIN GRÖNLUND OY

Valaisin Grönlund is a designer and producer of interior lighting and lamp shades. We represent a wide range of high quality products, designed for people who are looking for style and individual design. Our products can be purchased at furniture stores, department stores, as well as individual lighting and interior stores and online web shops.

An addition to our standard lighting collections, Valaisin Grönlund produce special one off lamps and other bespoke architectural lighting to individual specifications from architectural drawings or sketches. We also offer lighting design services and are able to work with customers from the beginning of a project.
