

GIANT DONUT

DESIGN BY IVAR GESTRANIUS & KEVIN LAHTINEN

Giant Donut is actually, as the name tells us, nothing more than a giant donut that you can sit on. For this particular purpose it does the job quite well though. You can choose to sit on the edge or to get really comfy in the hole in the middle. This giant piece of pastry is ideal for chill-out areas and lounges. The fabric is easily changeable thanks to a super-sized zipper on the side of the product. This means you don't have to worry if you happen to spill some coffee on it.
