Chalice 24 Metallic Grey

by Edward van Vliet

The fine crystal beauty of the Chalice Lamp is enhanced by a soft metallic-grey body with black rings at the base of each translucent silver glass chalice. The result is a new bouquet of light, available in two sizes.

Chalice Lamp Technical (ce)

Input Voltage:

230 VAC

Power Consumption:

Max 16W

Colour Temperature:

2700K

CRI:

85

Lumen:

Approx 450lm

Cable Colour:

Transparent

Dimmable:

Mains

Canopy:

Pebble, colour white

Chalice Lamp Technical (ul)

Input Voltage:

120 VAC

Power Consumption:

Max 16W

Colour Temperature:

2700K

CRI:

85

Lumen:

Approx 450lm

Cable Colour:

Transparent

Dimmable:

Mains

Recommended dimmer specs

For fluent dimming behaviour we advise a dimmer that is compatible with the following specs:

Transformer type: Electronic Low Voltage (ELV)

Load type: Capacitive load (C-Type)

Dimmer type: Trailing edge / Reverse phase

Please note the functioning of the dimmer and the power supply combination can never be predicted, it always needs to be tested in practice.
