

RAGNARS

R5 WORK.CABINET

**CREATOR
RAGNARS DESIGN**

WITH A MODERN APPROACH

The R5 Work.Cabinet is a cabinet with swing doors, equipped with soft-closing system that was introduced by Ragnars.Design 2001. Design characteristics are a clean and minimalistic expression. The R5 Work.Cabinet, with it's vertical handle in aluminium, fits perfect beside R5 Work.Towers and the R5 Work.cab Slide.

The relationship between the different products in the R5 series is so striking. And you will want to mix the furnitures in a perfect blend.

DIMENSIONS

The Cabinets are available in lengths 800mm and available heights are from 2-binder to 4-binders.

SURFACES

The cabinets are available in:
High pressure laminate white and black

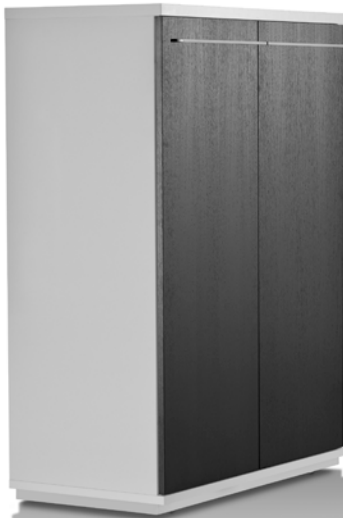

The swing doors are available in:
High pressure laminate white and black
