R5 WORK.CONFERENCE

**CREATOR
RAGNARS DESIGN**

TOUCH.DOWN

Your working day is naturally varied. Sometimes you need to have a long meeting, with time for discussions, brain-storming and analysis. And sometimes, when you just need to check something, the meeting can be quicker. And at various times during the working day, you need to sit down and have a moment for yourself, to write a report, read and send e-mails etc.

The R5 Work.Conference series can provide a good base for the different tasks you are caught up in during the day.

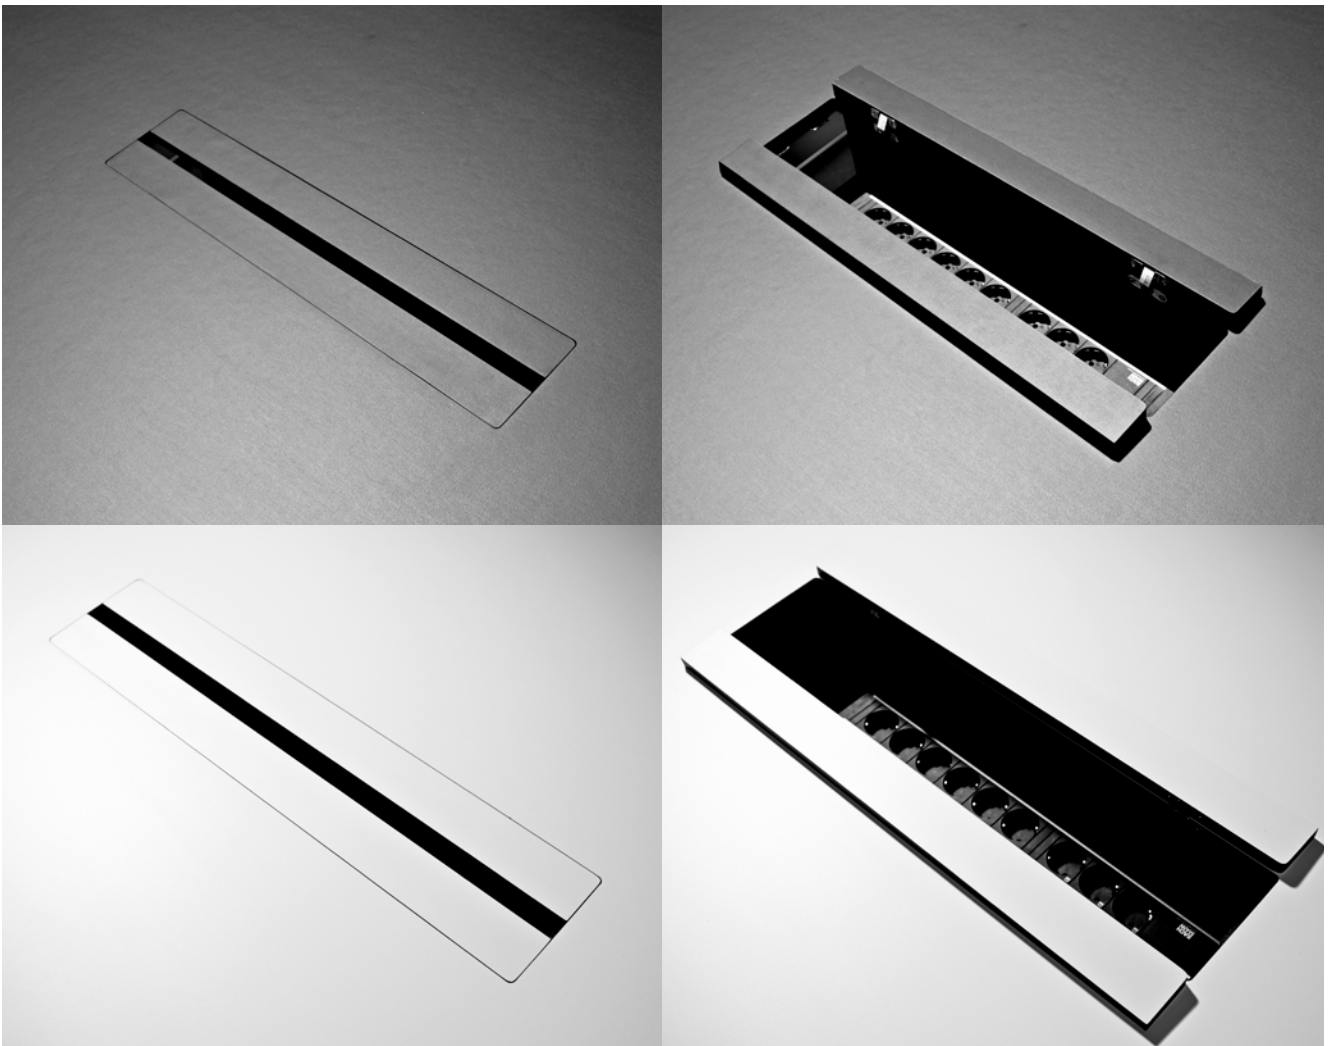

DESIGN

The design is very robust with feet of solid steel and welded frames. The dimensions of the rectangular components are a little bit larger but you can still see and feel the obvious relationship with the R5 Work.Station and the R5 Work.Meeting.

ACCESS TO CABLES AND POWER PLUGS

You can solve accessibility to cables and power plugs by adding a cable cover on hinges with a cable tray.

MATERIALS

Table tops are available in customized materials
but our standard materials are:

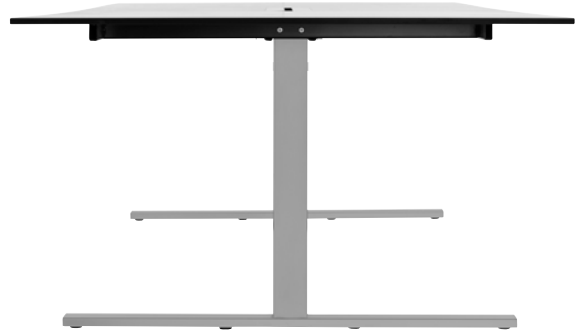

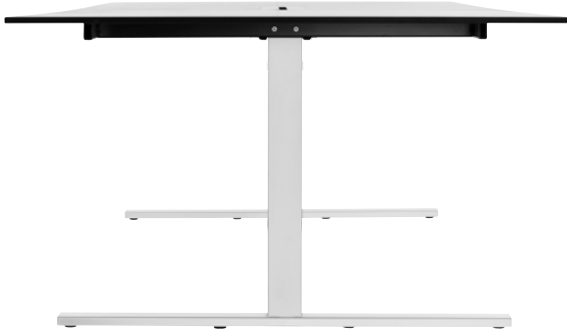

Compact laminate white with black core

Desktop black

The base / frame are available in:

Powder coated: White, Black and Aluminium

Chrome: Glossy

DIMENSIONS FROM M TO XXL

Most conference tables are customized in shapes and dimensions but our standard dimensions are:

Depth=1200mm

L=1200, 2800, 3000, 3600, 4200mm

Depth=1500mm

L=4800, 5400mm

Depth=1550mm

L=6000, 6600, 7200mm

Diameter=1400mm

Diameter=1550mm

Diameter=1800mm

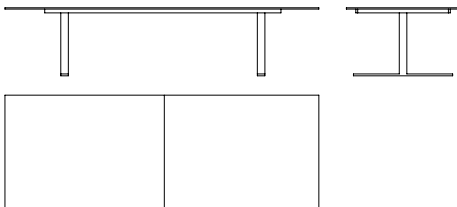

The bases / frames are available in height 720mm excluding table top thickness.
