

TEMPO t31 chair

design Timo Saarnio

Tempo t31 chair has a clear construction thus it can be used in many kinds of spaces, as a guest chair in office, in conference room, canteen or in auditoriums. The frame is powder coated steel tube, with or without arm rests. The seat is form pressed plywood, in birch or oak.

There is a seat upholstery, front side upholstery and full upholstery available. By varying the color of the frame or plywood seat as well as the fabric the chair can be designed to match the complete interior plan. Tempo t31 chair stacks and it can be equipped with row connection and felts studs.

Also a transport trolley is available.
