

TEMPO t42 table

design Timo Saarnio, 2015

Tempo t42 tables with floor plate are designed for the hard use in cafes, canteens and other public interiors. The metal frame has a column made of steel tube and floor plate with solid steel plate. The frame is powder coated in standard colors or according to the interior plan.

The table top can be produced from laminate or veneer with ABS-edge or veneer edge.

The standard heights are 55, 72, 90 and 110 cm.

PRODUCT DETAILS
