## **W5 MEETING.POINTS HAS THE PERFECT HEIGHT TO SUPPORT AN ACTIVE MEETING**

### **TOUCH.DOWN AGAIN**

A corporate culture with discussions, arguments and consensus are key-ingredients to be successful in the future.

W5 Meeting.Points has the perfect height to support an active meeting. A forward leaning work position makes work more dynamic, energetic and inspiring. Communication is done face to face, which tear down limiting hierarchies.

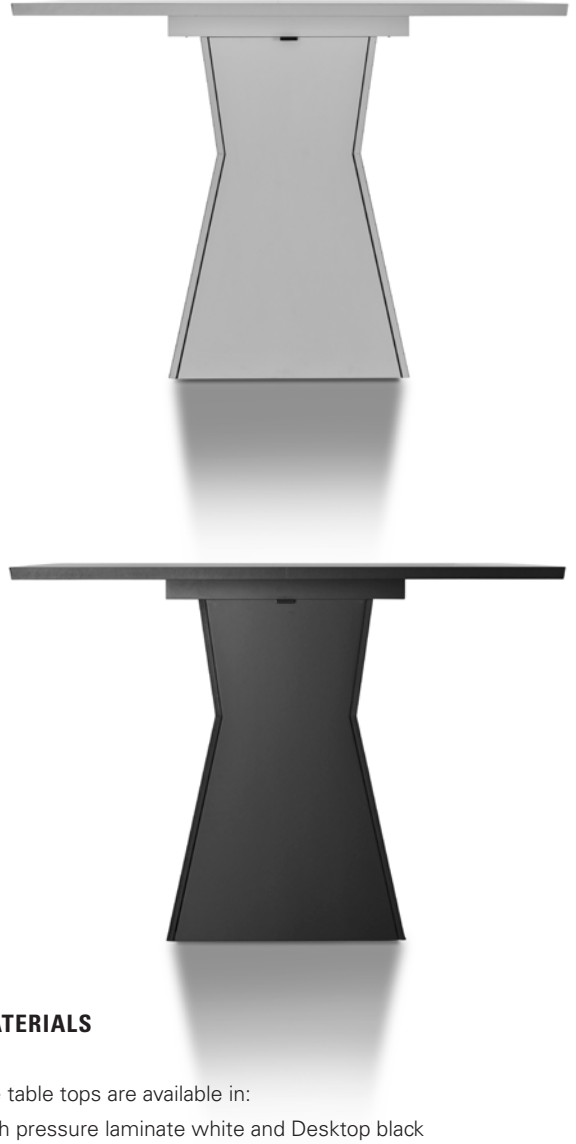

It works equally well as a dining table.

## **DESIGN**

The design is monumental and confident with exuding tranquility. Meeting.Points becomes architectural elements in the open office landscape.

## **MATERIALS**

The table tops are available in:  
High pressure laminate white and Desktop black

## **DIMENSIONS**

The conference tables are available in:  
D=1200mm L=1200mm H=900mm  
D=1400mm L=1400mm H=900mm

## **ACCESS TO POWER PLUGS**

The power plugs are positioned on the sides of the meeting.point.  
No outlets blocks on the work surface.

You get access to the base by removing the sides. The sides are kept in the right place with magnets.
